## Halo Modular Seating

Simple curves and colour add beauty and fluidity to exteriors, interior meeting areas, showrooms, exhibition spaces, foyers and lobbies.

Halo can be fitted together to create a circle measuring 3m or 5m in diameter or can be designed to snake around outdoor or indoor features.

Our curvaceous circular designs are composite moulded and create striking landscape features. Each seat can be made in any BS/RAL colour to match any colour scheme or corporate interior. Halo is easy to install as it's lightweight and modular in construction.

## The GeoMet Range

GeoMet is a stunning collection of geometrically-shaped modular furniture pieces ideal for urban environments, recreational spaces and large-scale commercial interiors.

The range has been designed for mix and match use or pieces can be used standalone.

Each piece in the GeoMet collection is handmade by highly skilled craftspeople based in the UK. The entire range is composite moulded which is the perfect outdoor furniture material as it's weatherproof, lasts a lifetime and requires minimum maintenance.

At Sui Generis we can create pieces in any colour, shape or size.
